

CME ACCREDITATION PROCESS & FEES

The Michigan State University College of Osteopathic Medicine, Department of Continuing Medical Education (MSUCOM CME) has successfully fulfilled accreditation requirements set forth by the American Osteopathic Association (AOA) to provide AOA Category 1-A credit and the Accreditation Council for Continuing Medical Education (ACCME) to provide AMA PRA Category PRA Category 1 credit. We are one of very few providers in the country that maintains dual accreditation with both the AOA and the ACCME.

The following services are offered:

- Direct Providership – Activities that are planned and implemented through MSU CME.
- Co-Providership – Activities in which MSU CME cooperates with one or more other accredited organizations to plan and execute an event. In this case, both organizations will need to be listed on any documents and marketing materials. However, one of the accredited providers must take responsibility for the activity in terms of accreditation requirements and reporting to the appropriate agencies.
- Joint Providership – Activities that are jointly provided by MSU CME and a non-accredited organization, including other MSU departments and colleges.
