ALUMNI LUNCHEON, PRECEPTOR RECEPTION HELD AT MAOP&S CONVENTION

A luncheon for alumni and a reception for preceptors in the Department of Family Medicine highlighted Michigan State University College of Osteopathic Medicine activities at the annual convention of the Michigan Association of Osteopathic Physicians and Surgeons.

The meetings were held May 3-6 at the Detroit Plaza Hotel.

More than 30 persons attended the alumni luncheon, held at noon on Friday. Philip E. Greenman, D.O., associate dean for academic affairs, outlined College activities, including the new entering class, new curriculum, research, involvement in the international community, the Clinical Center, final conversion of Fee Hall, and endowed chairs.

The importance of alumni involvement was stressed in a presentation by Philip Adler, D.O., president of the American Osteopathic Association.

Sandy Kilbourn, M.A., executive secretary of the alumni association, gave a symposium of alumni activities and membership, and Gordon Spink, Ph.D., D.O., director of the Unit III program, conducted a short business meeting.

(Continued)

Alumni luncheon participants
Numerous preceptors and faculty enjoyed the wine, cheese and fruit at a reception hosted Thursday evening by the Department of Family Medicine.

The reception was held for the preceptors and Junior Partnership physicians in appreciation of the time and commitment they have given for clinical education.

Alumni Luncheon
Family Medicine Reception

Donald Waite, D.O.
Luncheon coordinator

Roy Harvey, D.O.
Frank J. Martin, D.O.

Leonard Siudara, D.O. and Dr. and Mrs. John Bell

Grant Born, D.O., and James Davis, D.O.

Dr. and Mrs. Walter Mill and John Lown, D.O.
MAGEN, HUNTER RETURN FROM 18 DAYS IN AFRICA

Dean Myron S. Magen, D.O., and John Hunter, Ph.D., professor of geography and the African Studies Center, recently returned from an 18-day trip to Western Africa, primarily Ghana, Niger and Upper Volta.

As part of the College's expanding role in the international community, they were exploring the possibilities of medical linkages between MSU health programs and the medical schools in West Africa, and of cross-cultural clerkships.

ADAMS, JACOBS HONORED BY PHI KAPPA PHI

The achievements of two medical school faculty were recognized at the recent annual dinner of Phi Kappa Phi honorary.

Thomas Adams, Ph.D., professor of physiology, and Allen W. Jacobs, Ph.D., assistant dean for educational resources, were among eight faculty initiated into the society.

Adams was noted for his "outstanding contributions in research, publications, and teaching" and Jacobs for his work as "committee member, teacher, scholar, and curriculum developer."

The dinner was held at MSU's Kellogg Center for Continuing Education on May 16.

***

SIX FROM MSU-COM PARTICIPATE IN ACOM WORKSHOP

Six representatives from the MSU College of Osteopathic Medicine participated in a Clinical Clerkship Workshop held by the American Association of Colleges of Osteopathic Medicine Council of Deans in St. Louis May 11-12.

Philip E. Greenman, D.O., associate dean for academic affairs and chairman of the ACOM Council of Deans, was moderator.

Presentations made included "Evaluation of Clinical Clerkship Education" by David West, education specialist in the Office of Planning; "Relationship of Clinical Clerkship Training to House Officer Training" by Stephen P. Mihalich, D.O., director of medical education, Pontiac Osteopathic Hospital; and "Expectations of DME on Entry Behavior for Rotating Internships" by Neil A. Natkow, D.O., director of medical education, Grand Rapids Osteopathic Hospital.

Others attending the workshop were Donald E. McBride, D.O., assistant dean for graduate and continuing medical education, and Gordon Spink, Ph.D., D.O., Unit III coordinator.

NATIONAL AUXILIARY ADVISER VISITS MSU-COM MAY 18

Janet Lyons, national adviser to the Student Associates Auxiliary, visited the MSU College of Osteopathic Medicine on Thursday, May 18.

Her activities included a meeting with Dean Myron S. Magen, the viewing of a slide presentation on the College, a tour of Fee Hall, and a luncheon at the University Club.
MSU'S ORIFICE WINS TOP AWARD FROM STUDENT MEDICAL ASSOCIATION

Top honors for "best medical school journal in the country" have been awarded to "The Orifice," student newspaper of Michigan State University's medical complex.

The selection was made by the American Medical Student Association which cited the MSU publication for its "in-depth features, solid news coverage, and overall quality and variety of its editorial impact." Announcement of the award was made at the association's recent annual meeting in Atlanta.

The journal, published two or three times a term as a tabloid newspaper, reports on news, views and activities of 2,200 health science students in MSU's College of Osteopathic Medicine, College of Human Medicine, College of Veterinary Medicine, School of Nursing and School of Medical Technology.

Editor is Pamela Gurnick, second-year M.D. student in the College of Human Medicine.

***

SOMA MEMBERS ACTIVE IN TEACHING CPR IN COLLEGE AND COMMUNITY

The Student Osteopathic Medical Association, SOMA, has been involved in the coordination of a number of classes in cardiopulmonary resuscitation under the direction of Michael James, D.O., associate professor of osteopathic medicine staff at Ingham Medical; and second-year student Anne Pawlak.

November 8-10, February 14-16, and May 4-6 involved classes in Basic Cardiac Life Support (BCLS) for the Adult Education sector of the Okemos School District. A total of 48 individuals were certified in BCLS after a concentrated course involving one and two-man CPR, airway obstruction, infant resuscitation, and basic Heimlich, according to the guidelines of the American Heart Association.

The Okemos Middle School, where the classes have been held, is interested in initiating the BCLS course in their physical education department with the aid of SOMA in training their P.E. teachers as certified instructors. These classes at the Okemos school district will continue next year under the coordination of Chris Stoyanovich, second year student.

The purpose of these programs is to educate the general public in BCLS so that they may initiate life saving measures immediately and correctly at the scene of an arrest, before medical professionals are available. The decrease in mortality with the general public initiating life support has been documented in Seattle studies.

SOMA also co-sponsored an "Instructor-Trainer" course in BCLS for twenty members of the first-year class on May 19 at Ingham Medical Center. These people will instruct their fellow classmates in CPR during the cardiovascular system courses in the fall, as well as instruct for the Michigan Heart Association and the Okemos School District.

Michigan Heart Association has, and will continue, to utilize the services of SOMA in the recertification classes held at MHA in Lansing for nurses, doctors, paramedics and paraprofessionals.
ANNUAL CRANIAL CONFERENCE AT MSU JUNE 12-14

"Bioenergies," the 1978 annual conference sponsored by the Cranial Academy, will be held at MSU's Kellogg Center for Continuing Education June 12-14.

Eighteen to 20 hours of Category IA continuing medical education credit are expected for osteopathic physicians.

Codirectors of the conference are Fred L. Mitchell, D.O., professor of biomechanics, and John E. Upledger, D.O., associate professor of biomechanics.

Lecturers and their topics include:

--"Patient Selection Among Medical Subcultures and the Evolution of Health Care Systems" by James Riley, Ph.D., assistant professor of anthropology.
--"Report on Academy Sponsored Research: Histology of Cranial Suture" by Ernest W. Retzlaff, Ph.D., professor of biomechanics.
--"Bioenergy and Palpation" by Herbert C. Miller, D.O.
--"Determinant Factors in Patient Response" by Louis Hasbrouck, D.O.
--"Cranial Manipulation: Uses and Abuses" by Lloyd Morey, D.O.
--"Nonlinear Infrared Radiation and Life: The Moth and the Candle" by Phillip Callahan, Ph.D.
--"The Mysterious Vital Force" by Robert C. Fulford, D.O.
--"Stress and Function" by Peter Levine, Ph.D.
--"Polarity Therapy: Theory and Demonstration" by John Shoner, MSU-COM student.
--"Stress: Determinant of Form" by Jon D. Vredevoogd, M.F.A., assistant professor, human environment and design.
--"The Perjorative Placebo" by Robert C. Ward, D.O., professor, Office of Medical Education Research and Development, and director of special projects.
--"Measurable Bioenergy Changes" by John E. Upledger, D.O.
--"Bioenergy, Cranial Osteopathy and Homeopathy" by Neil Pruzzo, D.O.

The conference fee is $150 and includes three lunches and a banquet.

***

HYPERTENSION TOPIC OF CME PROGRAM AT PONTIAC JUNE 3

The management and treatment of essential hypertension is the topic of a program to be held at the Michigan Center for Continuing Education in Osteopathic Medicine in Pontiac June 3.

Lectures will include:

--"Cost-Effective Evaluation of the Hypertensive Patient" by Andrew Zweifler, M.D., professor, Department of Internal Medicine, University of Michigan.
--"The Effects of Obesity, Diet and Exercise on Blood Pressure" by Charles P. Lucas, M.D., director, Hypertension Clinic, Hutzel Hospital.
--"Current Day Management of Essential Hypertension" by Cary Slick, D.O., attending physician, Department of Internal Medicine, Detroit Osteopathic Hospital.
--"Treatment of Essential Hypertension During Pregnancy" by Michael T. Keefe, D.O., Department of Internal Medicine, Detroit Osteopathic Hospital.

Approval for four hours continuing medical education credit has been requested from the AOA Committee on Continuing Education.

For information, contact Duane E. Tester, 313-335-7742.

6-
MONDAY, MAY 29, 1978

    Memorial Day Holiday.

TUESDAY, MAY 30, 1978

12:30 p.m. Microbiology and public health seminar: "Chemical modifications of E. coli peptidoglycan during Bdellovibrio growth" by Sidney C. Rittenberg, Department of Bacteriology, University of California at Los Angeles. 146 Giltner.

WEDNESDAY, MAY 31, 1978

12:30 p.m. Focal problems session on difficult concepts in osteopathic manipulative therapy. Sponsored by Undergraduate Academy of Osteopathy. C102 Fee.

THURSDAY, JUNE 1, 1978

4 p.m. Nephrology Research Group. 448 Life Sciences.

SATURDAY, JUNE 3, 1978

8 a.m. Continuing medical education program: "The Management and Treatment of Essential Hypertension" including cost-effective patient evaluation; the effects of obesity, diet and exercise; management; and treatment during pregnancy. For information, contact Duane E. Tester, 313-335-7742. Michigan Center for Continuing Education in Osteopathic Medicine, 900 Auburn Rd., Pontiac.

The next calendar will begin Monday, June 19. Deadline for inclusion of material is noon, Thursday, June 8. Contact Health and Medicine Information, A311 E. Fee, 353-0820.
MONDAY, JUNE 5, 1978
   Final examinations week.

TUESDAY, JUNE 6, 1978
   4 p.m. Pharmacology and Toxicology seminar: "Cardiovascular effects of
          1-alpha acetylmethadol" by D. Eikenberg. B449 Life Sciences.

THURSDAY, JUNE 8, 1978
   4 p.m. Nephrology research group. 448 Life Sciences.

FRIDAY, JUNE 9, 1978
   10 a.m. Microbiology and Public Health seminar: "Enhancement of Immuno-
            genicity of Tumor Antigens" by Peter Lachmann, MRC Group on
   10:30 a.m. Council of Affiliated Hospitals meeting. Luncheon follows at
              12:15 p.m. University Club.
   3 p.m. College of Osteopathic Medicine Hooding Ceremonies, Fairchild
          Theater.

SATURDAY, JUNE 10, 1978
   10 a.m. University commencement exercises. Jenison Field House.

MONDAY, JUNE 12, 1978
   8 a.m. Cranial Academy annual conference: "Bioenergies." Chairmen are
          Fred L. Mitchell Jr., D.O., and John E. Upledger, D.O. Through
          June 14. Kellogg Center for Continuing Education.

WEDNESDAY, JUNE 14, 1978
   6 p.m. Urology seminar: "Urinary Tract Infection." Chairman is Steven
          J. Roth, D.O., and participants include Anthony J. Malcoun, D.O.
          For information, contact Duane E. Tester, 313-335-7742, Michigan
          Center for Continuing Education in Osteopathic Medicine, 900 Auburn
          Rd., Pontiac.

THURSDAY, JUNE 15, 1978
   4 p.m. Nephrology research group. 448 Life Sciences.

MONDAY, JUNE 19, 1978
   Registration and orientation for entering class.
Please use this form for submission of material for the biweekly College of Osteopathic Medicine Communiqué.

Items might include achievements and activities of College personnel such as honors and awards, publications, papers, professional offices, and participation in programs and committees.

The form may also be used for items for the Calendar of Events, suggestions for feature stories, updating of programs, and provision of any other information that might be pertinent for publication in the newsletter.

The editors and editorial advisory committee retain the right to edit or exclude any material.

Please print or type, and do not include any information that is more than one month old.

ROBERT BARKER HEADS ADVISORY COMMITTEE FOR SELECTION OF MSU PRESIDENT

Robert Barker, Ph.D., professor and chairman of biochemistry, has been appointed chairman of the university's presidential search and selection advisory committee by unanimous action of the committee and the MSU Board of Trustees.

Barker's administrative experience, academic credentials and wide experience in higher education nationally were cited as reasons for the appointment.

Some of his chores as department chairman are currently being delegated, and there are plans in motion to name a new associate chairman for the department.

Barker says that his goals for the position is the goal of the committee: "to find the best president in the United States for MSU."

***

SIGMA SIGMA PHI ACTIVITIES

Recent activities of Sigma Sigma Phi include blood pressure testing for persons attending a recent luncheon banquet of the Ingham County Osteopathic Auxiliary, conducting of tours for the College, and planning for another blood drive summer term.

On May 25, the group held its annual banquet -- including initiation of members and induction of new officers -- at the University Club.

***

FACULTY SPOUSES PICNIC

The annual faculty picnic, sponsored by the COM Faculty Spouses, will be held from 4 to 8 p.m., Monday, July 23, at Wanch Park, Okemos.

***

PHARMACOLOGY NAME CHANGE

The name of the Department of Pharmacology has been officially changed to the Department of Pharmacology and Toxicology following action by the MSU Board of Trustees.

EVERY PUBLICATION SHOULD HAVE A BIT OF WHIMSY.....

This is a story about four people named Everybody, Somebody, Anybody and Nobody.

There was an important job to be done and Everybody was asked to do it. Everybody was sure that Somebody would do it. Anybody could have done it, but Nobody did it.

Somebody got angry about that because it was Everybody's job. Everybody thought Anybody could do it but Nobody realized that Everybody wouldn't do it.

It ended up that Everybody blamed Somebody when Nobody accused Anybody.

187 ATTEND SEXUAL ATTITUDE REASSESSMENT SEMINAR SPONSORED BY SOMA

The Student Osteopathic Medical Association on April 29-30 sponsored the first major seminar at MSU-COM by a student organization, entitled Sexual Attitude Reassessment (SAR).

Speakers were Mario Petrini, M.D., associate professor of osteopathic medicine at MSU-COM, and associate professor of Ob/Gyn and psychiatry at Wayne State University School of Medicine, and Sandra Nohre, M.A., a sexual health consultant in the Department of Family Practice and Community Health, University of Minnesota Medical School.

The program received 15 Category IA CME credits from the American Osteopathic Association. Registration for the event totalled 187, with more than 50 osteopathic physicians in attendance.

The program was an intensive desensitization and then resensitization regarding numerous issues of sexuality. The sexual attitude reassessment process that each participant went through was actually only begun at the seminar. It has been said that many people continue to deal with the integration of these issues for at least six months to a year after the actual seminar. The participants increased their awareness of their own sexuality and their reactions to the sexuality of others, thus improving their ability to deal with the sexuality and/or sexual dysfunction of their clients.

The program included more than 30 different audio-visuals, large group discussion and small group discussion. The total budget was well over $3,000. Seminar program directors were Carole Rizzo, Ben Field, Mark Sloane, Ralph Walsh, Anne Pawlak, and Carole Williams, all second-year students.

Support for the seminar was received from: Alta Surgical Supply, Boehringer Ingelheim Ltd., CIBA Pharmaceuticals, Merck Sharp & Dohme, Milex of Michigan, Parke-Davis, Pfizer, Roche Laboratories, Sandoz Pharmaceuticals, W. B. Saunders (Mr. Gervase), Sherring, Searle, Smith Kline & French, The Upjohn Company, and Wyeth Laboratories.

According to Ben Field, president of the local SOMA chapter, "The success of this program will hopefully promote future activities of this type."

GIFTS AND GRANTS

The following medically-related gifts and grants were among those accepted by the MSU Board of Trustees at their meeting Friday, April 28.

Anthropology

Gerber Products Company
--Relationship of maternal and infant nutrition to weight gain
  C. Ritenbaugh

Biochemistry

National Institute of Child Health and Human Development
--Peroxisomes in developing liver and kidney
  N. E. Tolbert

National Institute of General Medical Science
--Membrane oligosaccharides
  R. Barker

Pfizer Central Research, Pfizer Inc.
--Enhancement of symbiotic nitrogen fixation
  K. R. Schubert

U. S. Public Health Service
--Supply use
  Terry Lindstrom

Biophysics

Englehard Industries
--Investigation of the anti-tumor activity of platinum compounds; post and predoctoral fellowships and other necessary supplies, equipment, travel
  B. Rosenberg

Matthey-Bishop, Inc.
--Research on biological effects of platinum group metal compounds in cancer chemotherapy; fellowships
  B. Rosenberg

Family Practice

W. K. Kellogg Foundation
--Continued development of community-based educational programs
  R. J. Gerard

Human Development

Michigan Heart Association
--In vitro studies on the secretion of inactive renin
  M. B. Bailie

Medicine

Michigan Department of Public Health
--Development of appropriate bone mineral standards for blacks
--Study whether hepatitis in patients with end-stage renal disease and their contacts can be detected or prevented
  G. Mayor

Michigan Heart Association
--Alternative forms of renin in human hypertension
  D. Rozner

Microbiology and Public Health

National Science Foundation
--Role of DNA phosphate-shuffling in biological regulation
  L. R. Snyder

Pathology

Montefiore Hospital Association
--Pathology—electron microscopy
  S. Siew

(Continued)
Pharmacology

Michigan Heart Association
--Pulmonary biogenic amine disposition and hypertension
  R. A. Roth, Jr.
--Furosemide on renal prostaglandin metabolism
  J. B. Hook
--The nervous system in experimental hypertension
  G. D. Fink
--Sodium flux, Na,K-ATPase and myocardial contractility
  T. Aker
--Recurrent inhibition of spinal sympathetic neurons
  G. L. Gebber

Pharmacology (continued)

National Institute of General Medical Science
--Clinical pharmacology training
  A. M. Michelakis

Psychiatry

County of Kent
--Psychiatry residency training program
  N. B. Enzer

Psychology

John Ruggles and Associates
--Evaluation of human service programs
  C. Johnson

PEOPLE

Robert W. Leader, D.V.M., professor and chairman of pathology, presented the 1978 University Lecture at Texas A & M University on April 27. His topic was "Man's Biomedical Relationships to his Eco-Partners."

Leonard J. Siudara, D.O., clinical faculty member in family medicine from Berkeley, was named an honorary professional member of the Michigan Association of Osteopathic Physicians and Surgeons for his contributions for the benefit and advancement of osteopathic medicine.

Donald E. McBride, D.O., assistant dean for graduate and continuing medical education, attended a workshop of the Academy of Osteopathic Directors of Medical Education held April 11-14 in Orlando, Florida. Discussing "Orientation Programs for the New Director of Medical Education or the Medical Director" were Stephen Mihalich, D.O., DME at Pontiac Osteopathic Hospital, and Eugene Johnson, D.O., DME at Grand Rapids Osteopathic Hospital. Dr. McBride was also a participant in a review of intern, resident and fellowship training programs in the profession at a meeting of the Committee of Postdoctoral Training of the American Osteopathic Association, held in Chicago April 26-28.

Veronica Maher, Ph.D., and J. Justin McCormick, Ph.D., codirectors of the Carcinogenesis Laboratory, had extensive coverage on their work with DNA excision repair in xeroderma pigmentosum patients in "DNA Repair: New Clues to Carcinogenesis" published in the May 5 issue of Science. Vol. 200:519.

***

(Continued)
Lynn F. Brumm, D.O., professor and chairman, Department of Family Medicine, attended the Eastern Regional Osteopathic Convention held in Kiamesha Lake, New York, May 4-7. The convention marked the 75th anniversary of the Pennsylvania Osteopathic Medical Association, which honored all past presidents with a special ceremony. Dr. Brumm, POMA president in 1968-69, received a gold medallion in recognition of his service.

***

Gaston E. Blom, M.D., professor of psychiatry and elementary and special education, and David Haarer, Ph.D., assistant superintendent of special education, Ingham Intermediate School District, addressed the Michigan Council of Child Psychiatry on "Issues and Opportunities Regarding Education for All Handicapped Children Act-PL 94-142." The meeting was held May 24 at the Marriott Inn in Ann Arbor. Dr. Blom has also been appointed to the Task Force on Treatment and Education of the American Psychiatry Association.

***

Marilyn Giffin, M.A., counselor and instructor in the Office of Student Affairs, has joined the private psychiatric practice of James Blake Thomas, M.D., of Okemos, where she will be providing counseling services and psychotherapy for individuals, couples, families and groups. She will continue as adjunct instructor of Community Health Sciences.

***

Arthur Bouler, D.O., 1977 alumnus, was the subject of a feature article in "The DOHC", published by Detroit Osteopathic Hospital, where he is an intern. He will begin a residency in internal medicine at DOH this year.

***

Richard H. Rech, Ph.D., professor of pharmacology, will be on sabbatical from July 15, 1978, through June 30, 1979, to study the effects of phenothiazine on development with S. Garattini, Instituto di Ricerche Farmacologiche "Mario Negri" in Milan, Italy. His work will be supported by a Senior International Fellowship from the Fogarty International Center, National Institutes of Health.

***

Jo Ann Chubb, secretary in the Department of Biomechanics, has been awarded the National Business Education Student Award by MSU by the National Business Education Association.

***

Joseph Vorro, Ph.D., assistant professor of anatomy, has been invited to chair a scientific session at the regional meeting of the International Society of Electrophysiological Kinesiology in Baltimore in June.

***

Arthur Kurtze, D.O., associate professor of osteopathic medicine, presented the third annual benefit concert April 30 for the Gratiot Community Hospital Registered Nurses Association. Dr. Kurtze, who is also the organist for the Fountain Street Church in Grand Rapids, performed 13 pieces ranging from the works of Bach to George Shearing.

***

Kenneth D. Stringer, D.O., 1974 alumnus, was chosen as "Employee of the Month" for April at Children's Hospital in Michigan, Detroit, and was featured in "Kaleidoscope," the hospital's monthly publication. He is the first resident to be so honored.

***

Lester Eisenberg, D.O., director of medical education at Garden City Hospital, and Herbert L. Miller, D.O., director of medical education at Martin Place Hospital, attended the first annual Hospital Day at the Oklahoma College of Osteopathic Medicine and Surgery, May 18.
