1984 CME PROGRAMS
ON THE COVER

The media for learning are many, but the goals always the same: lifelong education for the physician to improve the care of patients. We hope you'll keep this issue of "Communique" for reference throughout the year. (Design by Susan Lang.)

INSIDE THIS ISSUE

3 International support for MSU-COM CME programs grows in 1983

4 1984 CME programs
   January  Basic Craniosacral Manipulation
   March   Seminar in the Sun: Maui, Hawaii
   April   Myofascial Release Technique
   May     Advanced Muscle Energy Tutorial
   June    Basic Principles of Manual Medicine
   August  Emergency Medicine
   September  Direct Action Thrust Manipulative Therapy
   Fundamentals of Muscle Energy
   Alumni Scientific Seminar and Football Weekend
   Tutorial on Myofascial Release Technique
   October Advanced Muscle Energy Tutorial (Above Diaphragm)
   Manual Medicine Principles Applied to the Extremities
   November Seventh Annual Pediatrics Seminar
   December Basic Principles of Manual Medicine

9 1984 CME faculty

10 Reorganization of university, human health programs

11 Alumni, faculty newsnotes

COMMUNIQUÉ "Communique," a publication of the Michigan State University College of Osteopathic Medicine, is issued 17 times a year through Medicine and Health Information, Division of University Relations, A314 East Fee Hall, East Lansing, Michigan 48824; telephone 517/353-0820. Members of the Editorial Advisory Committee include Robert C. Ward, D.O. (chairman); Lon A. Hoover, D.O.; Sandy Kilbourn, M.A.; Gordon Spink, D.O., Ph.D.; Kenneth Stringer, D.O.; Jane A. Waldron; Kay E. White, Ph.D.; Nancy Houston, B.A. (editor), and Patricia Grauer, M.A. (managing editor). Circulation manager is Mary Palmer. Production is by Connie Burch; photography by Dick Wesley.

Michigan State University is an equal-opportunity/affirmative action institution.
International Support for MSU-COM CME Programs Grows in 1983

From around the globe, health professionals are coming to the MSU College of Osteopathic Medicine for continuing medical education, particularly for a unique series of courses on manipulative medicine.

Enrollment during the past year included 162 from 29 states other than Michigan, and 68 from Canada, Denmark, England, France, Germany, Scotland, Switzerland, and Sweden.

The College offered 93 courses for a total of 574 hours of CME credit. Registrants totalled 1,378.

The manual medicine courses in 1983 alone enrolled 73 M.D.s, 58 D.O.s, and 129 others, primarily physical therapists.

"The response to our 1983 course offerings was gratifying," said Sandy Kilbourn, M.A., MSU-COM's coordinator for continuing medical education. "We filled all nine manual medicine courses, and often had a waiting list. Our fall pediatrics seminar had its highest enrollment ever, with 107 attending. Seventy-five participated in the alumni scientific seminar, and 68 joined us for the seminar in the sun in Jamaica."

Last spring, an International Conference on Empirical Approaches to the Validation of Manipulation drew physicians and scientists from around the globe to discuss the inherent challenges in researching this important clinical technique. In addition, the College sponsored a tour and programs in conjunction with the congress of the Federation Internationale de Medecine Manuelle, held in the fall in Zurich.

Kilbourn indicated that she is working to develop more programs in conjunction with the college's affiliated hospitals, bringing the colleges CME to the community.

An option for self-study on the campus -- including use of library, classes, consultations and laboratories -- is available for individual clinical faculty and alumni of the College, she noted.
1984 CME Programs

Below is the schedule of continuing medical education programs which will be offered during 1984 by the MSU College of Osteopathic Medicine. Updated information on these programs and additional courses will be provided in "Communique" throughout the year. Supplemental information on faculty listed is provided on page 9.

For further information on any CME program contact Sandy Kilbourn, coordinator for continuing medical education, MSU-COM, A306 E. Fee, East Lansing, Michigan, 48824; 517/353-9714.

JANUARY 23 - 27, 1984 "Basic Craniosacral Manipulation"

Faculty: Paul Kimberly, D.O.; Fred Mitchell, D.O.; Carl W. Steele, M.S., P.T., and (if registration warrants) Barbara Briner, D.O.

Location: Hyatt Hotel and Convention Center, Miami, Florida

Addendum: This conference is limited to 24. The course is filled to date.

Accreditation: 40 hours Category I credit for M.D.s and D.O.s

Sponsors: MSU College of Osteopathic Medicine and College of Human Medicine

*** *

MARCH 15 - 24, 1984 "Seminar in the Sun: Maui, Hawaii"

Location: Kaanapali Alii Condominium complex, Maui, Hawaii

Addendum: This program is open to all interested persons. Other medical speakers will be included. Activities include an aloha reception, sunset cocktail cruise, garden party, fishing, sailing, scuba, snorkeling.

Accreditation: 20 hours Category I CME credit for D.O.s. Optional additional credit available.

Sponsor: MSU College of Osteopathic Medicine Alumni Association

*** *
APRIL 13 - 15, 1984  "Tutorial on Myofascial Release Technique"

Topics: Intensive exposure to basic concepts of myofascial release manipulative therapy. Emphasis is placed on direct experience giving participants opportunity to test various forms of motion and motion changes, and palpate various tissues and forms.

Faculty: Barbara Briner, D.O.; John Peckham, D.O.; Robert Ward, D.O.

Location: Kellogg Center for Continuing Education, MSU.

Accreditation: 24 hours Category I credit for D.O.s and M.D.s

Sponsors: MSU College of Osteopathic Medicine and College of Human Medicine

* * * *

MAY 5 - 9, 1984  "Advanced Muscle Energy Tutorial (Below Diaphragm)"

Topics: This course presents examination, analysis and treatment of the lower extremities, pelvis, abdomen, and lumbar spine

Faculty: Paul Kimberly, D.O.; Fred Mitchell, D.O.; Carl W. Steele, M.S., P.T.

Location: Kellogg Center for Continuing Education, MSU

Accreditation: 40 hours Category I credit for D.O.s and M.D.s

Sponsors: MSU College of Osteopathic Medicine and College of Human Medicine

* * * *

JUNE 11 - 15, 1984  "Basic Principles of Manual Medicine"

Topics: Lectures, demonstrations, and practice sessions on the spine, pelvis, and extremities utilizing basic principles of manual medicine

Faculty: Myron Beal, D.O.; John Bourdillon, F.R.C.S.; Paul Kimberly, D.O.; John Mennell, M.D., and Carl W. Steele, M.S., P.T.

Location: Kellogg Center for Continuing Education, MSU

Accreditation: 40 hours Category I credit for D.O.s and M.D.s

Sponsors: MSU College of Osteopathic Medicine and College of Human Medicine, and North American Academy of Manipulative Medicine

* * * *
JUNE 15 – 16, 1984  "Emergency Medicine"

Faculty: Michael Bacon, D.O. (moderator); Robert Aranosian, D.O.; and others
Location: Grand Hotel, Mackinac Island
Accreditation: 10 hours Category I credit
Sponsor: MSU College of Osteopathic Medicine

* * * *

AUGUST 13 – 17, 1984  "Tutorial on Direct Action Thrust Manipulative Therapy"

Topics: An intensive course in the fundamentals and use of direct action high velocity manipulative therapy.
Faculty: Philip E. Greenman, D.O.; Paul Kimberly, D.O.; Fred Mitchell, D.O.
Location: Kellogg Center for Continuing Education, MSU
Addendum: Prerequisite of D.O. degree or M.D. with training in manual medicine
Accreditation: 40 hours Category I credit for M.D.s and D.O.s
Sponsors: MSU College of Osteopathic Medicine and College of Human Medicine

* * * *

SEPTEMBER 8 – 12, 1984  "Fundamentals of Muscle Energy"

Faculty: Paul Kimberly, D.O.; Fred L. Mitchell, D.O.; and Carl W. Steele, M.S., P.T.
Location: Kellogg Center for Continuing Education, MSU
Addendum: Prerequisite of D.O. degree or prior attendance at a "Basic Principles of Manual Medicine" course. Enrollment limited to 20 participants.
Accreditation: 40 hours Category I credit for M.D.s and D.O.s
Sponsors: MSU College of Osteopathic Medicine and College of Human Medicine

* * *
THURSDAY, MARCH 15, 1984

* Lansing Area Pathologists Case Studies. 5:30 p.m. in A131 E. Fee. One hour CME credit. Contact Sandy Kilbourn, 517/353-9714.

THURSDAY, APRIL 13, 1984

SATURDAY, MAY 5, 1984

* "Advanced Muscle Energy Tutorial (Below Diaphragm)" sponsored by the MSU College of Osteopathic Medicine and College of Human Medicine. Through May 9. 40 hours Category I credit for D.O.s and M.D.s. Contact Sandy Kilbourn, 517/353-9714.

THURSDAY, MAY 17, 1984

* Lansing Area Pathologists Case Studies. 5:30 p.m. in A131 E. Fee. One hour CME credit. Contact Sandy Kilbourn, 517/353-9714.

MONDAY, JUNE 11, 1984

FRIDAY, JUNE 15, 1984

MONDAY, AUGUST 13, 1984

* "Tutorial on Direct Action Thrust Manipulative Therapy" sponsored by the MSU College of Osteopathic Medicine and College of Human Medicine. Through August 17 at MSU's Kellogg Center. 40 hours Category I credit for M.D.s and D.O.s. Contact Sandy Kilbourn, 517/353-9714.

SATURDAY, SEPTEMBER 8, 1984

WEDNESDAY, JANUARY 11, 1984

"Clinical and Research Advances in Bladder Cancer." 6 p.m. at Michigan Center for Continuing Education in Osteopathic Medicine, 900 Auburn Rd., Pontiac. 2.5 CME credits. Contact Duane M. Tester, 313/335-7742.

THURSDAY, JANUARY 12, 1984

Microbiology and Public Health: "The Replicative Origin of the E. coli Chromosome Binds Specifically to the Cell Membrane" by Moselio Schaechter, Department of Molecular Biology and Microbiology, Tufts University Medical School. 4 p.m. in 146 Giltner.

SUNDAY, JANUARY 15, 1984

MOMAA In-Service Training Program: Anatomy and Medical Terminology IV. Instructors are Joseph Vorro, Ph.D., and Dee Scherer. 8 a.m. at Michigan Center for Continuing Education in Osteopathic Medicine, 900 Auburn Rd., Pontiac. Contact Jan Anderson, 313/427-7073 or Perdeta Petersen, 517/592-8402. Preregistration is essential.

MONDAY, JANUARY 16, 1984

"Unusual Pulmonary Cases" by K. Ravikrishnan, M.D., director of Pulmonary Division, Wayne County General Hospital. 11:30 a.m. CME credit available. Call 313/471-8351 if attending. Botsford General Hospital.

WEDNESDAY, JANUARY 18, 1984

Center for Environmental Toxicology and Department of Medicine: "A New Look at Blood Proteins" by Samir Hanash, M.D., professor, Department of Pediatric Hematology, University of Michigan. 9 a.m. in B205 Life Sciences.

THURSDAY, JANUARY 19, 1984

* Lansing Area Pathologists Case Studies. 5:30 p.m. in A131 E. Fee. One hour CME credit. Contact Sandy Kilbourn, 517/353-9714.
SATURDAY, JANUARY 21, 1984

"Superbowl of Osteopathic Medicine." Chairman is Mahlon L. Ponitz, D.O. No fee. Application made for 7 hours Category I-A credit. Registration at 7:30 a.m. For information, contact Medical Administration, Michigan Osteopathic Medical Center, Inc., 2700 Martin Luther King Jr. Blvd., Detroit, 48208; 313/361-8020.

SUNDAY, JANUARY 22, 1984

MOMAA In-Service Training Program: "In-Office Pediatric/Adult Nutrition" sponsored by Mead-Johnson. Instructors include Chuck St. John and Pat Bowman. 8 a.m. at Michigan Center for Continuing Education in Osteopathic Medicine. Contact Jan Anderson, 313/427-7073 or Perdeta Petersen, 517/592-8402. Preregistration is essential.

MONDAY, JANUARY 23, 1984

WEDNESDAY, JANUARY 25, 1984

"The Pathophysiology and Management of Angina Pectoris" by Park W. Willis, M.D., professor of medicine, MSU. 12 p.m. at Oakland General Hospital Auditorium, 27351 Dequindre, Madison Heights. CME credit available. Contact Office of Medical Education, 313/967-7795.

THURSDAY, JANUARY 26, 1984

Microbiology and Public Health: "Use of a Novel Retrovirus Shuttle Vector to Construct a Murine Retrovirus Containing the Human EJ Bladder Oncogene" by Terry Robins, Frederick Cancer Research Facility, Frederick, Maryland. 4 p.m. in 146 Giltner.

THURSDAY, FEBRUARY 2, 1984

Microbiology and Public Health: William Reznikoff, Department of Biochemistry, University of Wisconsin at Madison. 4 p.m. in 146 Giltner.

WEDNESDAY, FEBRUARY 8, 1984

"Percutaneous Nephrolithotomy." 6 p.m. at Michigan Center for Continuing Education in Osteopathic Medicine, 900 Auburn Rd., Pontiac. 2.5 CME credits. Contact Duane M. Tester, 313/335-7742.

"Hypertensive Urgencies vs. Emergencies" by Ronald Anderson, M.D., chief executive officer, Parkland Memorial Hospital, Dallas. 11:30 a.m. CME credit available. Call 313/471-8351 if attending. Botsford General Hospital.
SEPTEMBER 14 - 15, 1984  "Alumni Scientific Seminar and Football Weekend"

Faculty: Includes MSU-COM alumni and others
Location: Kellogg Center for Continuing Education, MSU
Addendum: Open to all! Includes MSU/Notre Dame football game.
Sponsor: MSU College of Osteopathic Medicine Alumni Association

* * * *

SEPTEMBER 21 - 23, 1984  "Tutorial on Myofascial Release Technique"

Topics: Intensive exposure to basic concepts of myofascial release manipulative therapy. Emphasis is placed on direct experience giving participants opportunity to test various forms of motion and motion changes, and palpate various tissues and forms.

Faculty: Anthony Chila, D.O.; John Peckham, D.O.; Robert C. Ward, D.O.
Location: Kellogg Center for Continuing Education, MSU
Accreditation: 24 hours Category I credit for D.O.s and M.D.s
Sponsors: MSU College of Osteopathic Medicine and College of Human Medicine

* * * *

OCTOBER 6 - 10, 1984  "Advanced Muscle Energy Tutorial (Above Diaphragm)"

Topics: This course presents examination, analysis and treatment of the upper extremities, cervicothoracic spine, thoracic cage, throat and jaw. Postural/structural concepts are expanded into functional and integrative analysis in terms of respiratory, circulatory, neurologic and fascial models.

Faculty: Paul Kimberly, D.O.; Fred Mitchell, D.O.; Carl W. Steele, M.S., P.T.
Location: Kellogg Center for Continuing Education, MSU
Addendum: Training in basic muscle energy a prerequisite
Accreditation: 40 hours Category I credit for D.O.s and M.D.s
Sponsors: MSU College of Osteopathic Medicine and College of Human Medicine

* * * *

Topics: A three-day intensive course in the principles of manual medicine as they are applied to the upper and lower extremities. Emphasis is on diagnosis and manipulative management of extremity problems.

Faculty: John Mennell, M.D. (chairman);

Location: Kellogg Center for Continuing Education, MSU

Accreditation: 24 hours Category I credit for D.O.s and M.D.s

Sponsors: MSU College of Osteopathic Medicine and College of Human Medicine

* * * *

NOVEMBER 18, 1984 "Seventh Annual Pediatrics Seminar"

Location: Kellogg Center for Continuing Education, MSU

Sponsor: MSU College of Osteopathic Medicine's Department of Pediatrics

* * * *

DECEMBER 3 – 7, 1984 "Basic Principles of Manual Medicine"

Topics: Lectures, demonstrations, and practice sessions on the spine, pelvis, and extremities utilizing basic principles of manual medicine

Faculty: Myron Beal, D.O.; John Bourdillon, F.R.C.S.; Paul Kimberly, D.O.; John Mennell, M.D., and Carl W. Steele, M.S., P.T.

Location: Kellogg Center for Continuing Education, MSU

Accreditation: 40 hours Category I credit for D.O.s and M.D.s

Sponsors: MSU College of Osteopathic Medicine and College of Human Medicine, and North American Academy of Manipulative Medicine

* * * *

-8-
1984 CME Faculty

Faculty presently identified for 1984 continuing medical education courses include the following. Seminars are noted by starting date in parentheses.

Robert Aranosis, D.O., emergency medicine physician from Indian River, Michigan (June 15)

Michael Bacon, D.O., 1973 MSU-COM alumnus and general practitioner from Cheboygan, Michigan (June 15)

Myron C. Beal, D.O., F.A.A.O., professor of family medicine, MSU-COM (June 11, December 3)

Jack Belen, D.O., F.C.C.P., P.C., practicing in medical diseases of the chest and critical care medicine in Utica, Michigan (March 15)

John Bourdillon, F.R.C.S., former senior orthopedic surgeon, North Gloucester; now in private practice in Vancouver, B.C.

Barbara Briner, D.O., assistant professor of biomechanics, MSU-COM (January 23, April 13)

Anthony Chila, D.O., F.A.A.O., associate professor, Department of Family Medicine, Ohio College of Osteopathic Medicine (September 21)

Philip E. Greenman, D.O., F.A.A.O., associate dean and professor of biomechanics, MSU-COM (August 13)

Steven Guertin, M.D., pediatric intensivist, Lansing (March 15)

Rosemary Havey, D.O., 1974 MSU-COM alumna practicing psychiatry at Michigan Osteopathic Medical Center (March 15)

William Heckert, D.O., dermatologist, Lansing, Michigan (March 15)

Paul Kimberly, D.O., F.A.A.O., adjunct clinical professor of biomechanics, MSU-COM; former Steunenberg Professor and chairman of the Department of Osteopathic Theory and Methods, Kirksville College of Osteopathic Medicine (January 23, May 5, June 11, August 13, September 8, October 6, December 3)

Harold Margolis, D.O., hematologist/oncologist from Madison Heights, Michigan (March 15)

John Mennell, M.D., past president, North American Academy of Manipulative Medicine; noted author of multiple texts on manipulative medicine (June 11, October 26, December 3)

Fred L. Mitchell, D.O., F.A.A.O., professor of family medicine, MSU-COM (January 23, May 5, August 13, September 8, October 6)

John Peckham, D.O., associate professor of physical medicine and rehabilitation, Texas College of Osteopathic Medicine (April 13, September 21)

Howard Rossman, D.O., clinical faculty member in internal medicine, MSU-COM, from West Bloomfield, Michigan, and 1974 MSU-COM alumnus (March 15)

Carl W. Steele, M.S., P.T., director of physical therapy and occupational therapy, Metropolitan Hospital, Detroit (January 23, May 5, June 11, September 8, October 6, December 3)

Robert C. Ward, D.O., F.A.A.O., professor of biomechanics and of family medicine, MSU-COM (April 13, September 21)
CONSULTATION:
REORGANIZATION OF UNIVERSITY,
HUMAN HEALTH PROGRAMS

A plan to reorganize the MSU core colleges and its human health programs was taken November 22 to the Council of Deans and to the Executive Committee of Academic Council.

Provost Lee Winder initiated consultation with the deans and academic governance representatives to form the Division of Human Health Programs. The division would be headed by a vice provost for human health programs to whom the deans of the College of Osteopathic Medicine, College of Human Medicine, and College of Nursing would report. Under the plan, the Office of the Vice President for Health Services and Facilities would be renamed and would report to the vice provost.

In addition, the plan calls for the formation of a College of Arts, Humanities and Sciences by combining the Colleges of Arts and Letters, Natural Science and Social Science.

Currently, patient care services and facilities are the responsibilities of the vice president for health services and facilities, who reports through the vice president for finance and operations. Responsibility for the academic programs of the three colleges rests with the provost's office.

Now that several problems of operations management of the health care facilities have been resolved, "perpetuating the division of responsibility is not in the best interest of the clinical teaching and clinical research needs of the Colleges of Human and Osteopathic Medicine, and the College of Nursing," notes Kenneth Thompson, VP for finance and operations, and William Schonbein, VP for health services and facilities.

A need to enhance cooperation among the three colleges also prompts the proposed reorganization, they say.

"The future success of the medical and nursing programs will depend on success in projects such as long range planning, cooperative programming, and the resolution of various programmatic issues in the operation of the clinical activities of the colleges."

Joint planning by all three colleges is also needed for such facilities as biomedical research space and a biomedical library, they say.

"These considerations result in the conclusion that a change in the organization and administration of the medical and nursing programs and related patient care programs at Michigan State University is both desirable and necessary at this time," Winder, Thompson and Schonbein say.

The major advantages of the plan, the provost and the two vice presidents say, are:

- the establishment of a single university level office responsible for all aspects of the planning, management, and performance of the three human health colleges, and the related University patient care programs and facilities;
- a senior-level administrator to whom the president and provost can turn for recommendations regarding all aspects of the highly complex areas of academic medicine and nursing;
- a senior-level administrator who can assume managerial responsibility for the continued development of all on-campus human health care programs, as well as external affiliations and relationships necessary to the success of the community-based approach of the academic programs of the three colleges.

A similar plan has been adopted at the University of Michigan, Winder says, where operation of a major academic health center, including the University of Michigan School of Medicine, has been placed under the responsibility of a new position of vice provost for medical affairs.

-Excerpted from
MSU News-Bulletin

'82 Lawrence D. Sills, D.O., and Brent R. Allan, D.O. have opened a joint practice in family medicine and preventive health care in Phoenix, Arizona. They both took their internships at Phoenix General Hospital.

FACULTY

Margaret L. Aguwa, D.O., associate professor of family medicine, was invited to present a paper on "Transitions in Health: The African Woman" at a conference of the Association of Policy, Research and Development in the Third World. The conference was held in Washington, D.C. November 17-19.

Tai Akers, M.D., Ph.D., professor of pharmacology and toxicology, was elected as the chairman of the Gordon Research Conference on Cardiac Inotropic Agents, which will be held June 11 - 15 at Holderness School, New Hampshire.

Douglas F. Hegyi, D.O., clinical assistant professor of otolaryngology in the Department of Osteopathic Medicine, was named an associate member of the American Academy of Facial Plastic and Reconstructive Surgery. Dr. Hegyi's most recent paper, "Carcinoma of the Lower Lip," was published in the November issue of Michigan Osteopathic Journal.

Allan H. Morton, D.O., clinical assistant professor of internal medicine, is a member of the board of trustees of the Michigan chapter of the Arthritis Foundation executive committee. As a representative of the foundation he has appeared many times on radio and TV, the latest being on the Kelly & Company show on December 8. He is also board-certified in internal medicine and rheumatology, and sits on the board on the Michigan Lupus Foundation.

Edward C. Murray, D.O., clinical associate professor in the Department of Osteopathic Medicine, was elected to the American Society of Laser Medicine and Surgery. He is the first osteopathic member of this organization.

Tom Tomlinson, Ph.D., assistant professor of medical humanities, read a paper on "The Nurse's Conscience and the Just Allocation of Resources" before the Nursing and Humanities Interest Group at a meeting of the Society for Health and Human Values held November 4 - 7 in Washington, D.C. He also led about 20 medical students, members of the Organization of Student Representatives, in discussion of ethical issues facing medical students. Dr. Tomlinson read a paper on "Professional Autonomy and the Health Care Team" at a symposium sponsored by the Kalamazoo Area Council for the Humanities and the Southwestern Michigan Area Health Education Center on November 16.

OUR APOLOGIES....

We regret that a line of copy was inadvertently dropped from the story on Robert Conley's appointment published in the last issue of "Communique." Dr. Conley received the D.O. degree from the (then) Chicago College of Osteopathy in 1952, and took both his internship and internal medicine residency at Chicago Osteopathic Hospital.
