AFTERTGLOW:
1984 OPEN HOUSE
AFTERGLOW: 1984 OPEN HOUSE

A visitor to MSU-COM’s 1984 open house could easily have spent all six hours perusing exhibits and still not have seen it all.

Tours of a number of laboratories -- including anatomy, carcinogenesis, electron microscopy, systems anthropometry, and tissue biomechanics -- were offered throughout the day.

Health-related audiovisual presentations on topics ranging from automobile safety restraints to medical consequences of nuclear war were available at many sites, including a day-long schedule in one classroom.

Both Family Medicine and the Undergraduate American Academy of Osteopathy gave demonstrations of osteopathic manipulative therapy. The Class of ’87 took blood pressures for visitors, and the Student Osteopathic Medical Association offered nutrition information and performed skin-fold tests to determine proportion of body fat.

Sigma Sigma Phi gathered mountains of textbooks to illustrate what medical students must assimilate, while individual students prepared an exhibit on the costs of a medical education.

Three of our affiliated hospitals -- Flint Osteopathic, Pontiac Osteopathic, and Detroit Osteopathic Hospital Corporation -- sent displays and personnel to the open house.

Admissions officers were available throughout the day to counsel prospective students.

The Department of Internal Medicine set up a heart-sound simulator and radiographs, the Department of Pediatrics exhibited child care literature and tapes, and the Medical Humanities Program used a videotaped vignette to illustrate an issue in medical ethics.

T-shirts were made to order by the Student Associate Auxiliary, students in the Medical Scientist Training Program exhibited their research, and microbes were on display by the Department of Microbiology and Public Health.

Other exhibitors included Biochemistry, Community Health Science, Osteopathic Medicine, Pathology, Pharmacology and Toxicology, Psychiatry, Radiology, MSU Immunization Program, Physicians for Social Responsibility, and the Michigan Placental Tissue Registry.

"Communique," a publication of the Michigan State University College of Osteopathic Medicine, is issued 17 times a year through Medicine and Health Information, Division of University Relations, D130 West Fee Hall, East Lansing, Michigan 48824; telephone 517/353-0820. Members of the Editorial Advisory Committee include Robert C. Ward, D.O. (chairman); Lon A. Hoover, D.O.; Sandy Kilbourn, M.A.; Gordon Spink, D.O., Ph.D.; Kenneth Stringer, D.O.; Jane A. Waldron; Kay E. White, Ph.D.; Nancy Houston, B.A. (editor), and Patricia Grauer, M.A. (managing editor). Circulation manager is Mary Palmer. Production is by Connie Burch; photography by Dick Wesley.

Michigan State University is an Affirmative Action Equal Opportunity Institution
AN MSU-COM "THANX" TO:

1. Student Open House Committee members who sacrificed time, energy, brain-power, and emotional stamina since late January -- students **Lee Bacheldor, John Carney, Bethany Cummings, Malik Deabneh, Jim Douglas, John Greene, Dave Grimshaw, Risty Kalivas, Randy LeuVoy, Ginny Luke, Melissa Moon, Rebecca Poetschke, Pat Schmidt, Chris Schnurer, David Semeyn, Patty Showerman, Godfrey Vaz, and Shauna Wright.** Assisting them were **Kay White**, assistant dean for student affairs, and **Nan Houston, Mary Palmer** and **Pat Grauer** of the Medicine and Health Section of University Relations.

2. The exhibitors, who each year find new and creative ways to provide stimulating, hands-on, educational, interesting and attractive displays for our visitors.

4. The Unsung Unknown who assisted with set-up, clean-up and in other ways whose effort might have gone personally unrecorded.

***

**NOMINATIONS REQUESTED FOR 1984 ALUMNUS OF THE YEAR**

Nominations are being requested from MSU-COM alumni for the 1984 "Alumnus of the Year," an individual who exemplifies public service, clinical expertise, and a strong commitment to the osteopathic profession.

The award includes a plaque for the recipient and a monetary grant to the MSU-COM student loan fund in the recipient’s name. The award is administered through the MSU-COM Alumni Association.

Nominations, including pertinent data on qualifications, should be sent to **Rosemary Hovey**, D.O., 1748 Shore Club Dr., St. Clair Shores, Michigan, 48080. Presentation of the award will be made during the Alumni Scientific Seminar, October 14-15, which will include the Notre Dame/MSU football game.
1984 OPEN HOUSE
OPEN HOUSE SCENES (PAGE 4):

Sandy Kilbourn staffed the registration table at the East Fee entrance.
Dave Semeyn and other D.O./Ph.D. students assisted with the Medical Scientist Training Program display.
Godfrey Vaz chatted with Kathy and George Rollinger at the reception.
Student Pam Thompson stopped to have her blood pressure taken by Jim Douglas at the Class of '87 exhibit.
Lee Coffman discussed the costs of a medical education at MSU-COM.

(PAGE 5):

Helen Palmer, a graduate student in the Carcinogenesis Laboratory, helped to staff their exhibit and tours.
Lon Hoover demonstrated OMT techniques as part of the Family Medicine room of exhibits.
Alumnus Oliver Hayes and student Bernadette Gendernalik were talking during the reception.
SAA printed t-shirts and hats to order during the open house.
Tom Wertz and Jaci Fitzgerald staffed the Physicians for Social Responsibility exhibit.
IN MEMORIAM:
WALTER F. PATENGE
ALLEN ZIEGER
CHARLES YONKA

The Michigan osteopathic community has suffered the deaths of three of its most prominent members within four weeks. Walter F. Patenge, Allen Zieger, and Charles H. Yonka all had close ties to the MSU College of Osteopathic Medicine.

* * * *

Walter F. Patenge, rightly called an "industrialist, humanitarian, community leader and courtly gentleman," was a staunch supporter of osteopathic medicine. He was the first and only president of the Michigan Osteopathic Medicine Advisory Board, serving under gubernatorial appointment. He was responsible for the establishment of a chair in MSU's College of Osteopathic medicine, and the highest honor awarded by the college, the Walter F. Patenge Medal of Public Service, is his namesake.

He worked for 43 years with Lansing's Wohlert Corporation, serving as its president for 33 years by the time of his retirement in 1977.

His recognitions were numerous. He had been director of the National Association of Manufacturers, a lifetime member of Kiwanis International, "Ambassador of Good Will" for the Lansing Chamber of Commerce, a founder of the MSU Alumni Association, and an MSU Distinguished Alumnus.

He was responsible for a chapel at Lansing General Hospital, a chapel in Ascension Lutheran Church in East Lansing, and the area's first $2 million United Way campaign.

In 1976, Mr. Patenge received from MSU-COM the medal that bears his name. At the time, MSU President Clifton R. Wharton said he had "given far more than he has ever received" to the community, society, MSU and the osteopathic college.

He died of lung cancer May 14 at age 85.

* * * *

Allen Zieger, D.O., a patriarch of the osteopathic profession in Michigan, died April 20 at age 74.

He founded Zieger Osteopathic Hospital, Detroit, in 1944, Botsford General Hospital, Farmington, in 1965, and was a significant force in the establishment of the MSU College of Osteopathic Medicine.

In 1977 he was presented with the Walter F. Patenge Medal of Public Service from MSU-COM, one of hundreds of awards he received from across the country.

He served on boards of trustees of numerous corporations and associations, including Michigan Cancer Foundation, Michigan National Bank, Michigan Osteopathic Medicine Center, and Lakeside Community Hospital. (more)
SATURDAY, OCTOBER 6, 1984

WEDNESDAY, OCTOBER 10, 1984

"Surgical Treatment of Male Impotence." 6 p.m. at Michigan Center for Continuing Education in Osteopathic Medicine, 900 Auburn Rd., Pontiac. 2.5 CME credits. Contact Duane M. Tester, 313/335-7742.

FRIDAY, OCTOBER 26, 1984

WEDNESDAY, NOVEMBER 14, 1984

"The Hemodynamic Approach to the Treatment of Essential Hypertension" by Joseph Pitone, D.O., assistant professor of medicine and director of nephrology, New Jersey School of Osteopathic Medicine. 12 p.m. in auditorium of Oakland General Hospital, 27351 Dequindre, Madison Heights. For information call 313/967-7795.

"Endocrinology and Male Infertility." 6 p.m. at Michigan Center for Continuing Education in Osteopathic Medicine, 900 Auburn Rd., Pontiac. 2.5 CME credits. Contact Duane M. Tester, 313/335-7742.

SUNDAY, NOVEMBER 18, 1984

MONDAY, DECEMBER 3, 1984

TUESDAY, MAY 29, 1984

Pharmacology and Toxicology: "Mutagenicity of Three Neuroleptic Compounds that are Mammary Carcinogens" by Ann Aust, Warner-Lambert/Parke-Davis, Ann Arbor. 4 p.m., B448-9 Life Sciences.

WEDNESDAY, MAY 30, 1984

Medicine, Pathology and Environmental Toxicology seminar: "Isolation and Characterization of a Growth Regulatory Factor from 3T3 Cells" by John Wang, Ph.D., associate professor of biochemistry, MSU. 8 a.m. in B205 Life Sciences.

Medicine, Pathology and Environmental Toxicology seminar: "The Brain and Blood Pressure Control" by Gerard L. Gebber, Ph.D., professor of pharmacology and toxicology, MSU. 9 a.m. in B205 Life Sciences.

MONDAY, JUNE 4, 1984

Pulmonary Lectures: "Pulmonary Vasculitides, Recognition and Management" by Ronald Sherman, D.O., pulmonary consultant, Pontiac Osteopathic Hospital, and Crittenton Hospital, Rochester. 11:30 a.m. to 1 p.m. Botsford General Hospital, 28050 Grand River Avenue, Farmington Hills.

MONDAY, JUNE 11, 1984

Physiology seminar: "Association of Adenylosuccinate Synthetase with Contractile Protein" by John Manfredi, Ph.D., Department of Medicine, Duke University Medical Center. 4 p.m. in 101 Giltner.

WEDNESDAY, JUNE 13, 1984

FRIDAY, JUNE 15, 1984

MONDAY, JUNE 18, 1984

Pulmonary Lectures: "Fiberoptic Bronchoscopy" by Bert Rabinowitz, D.O., Pulmonary Division, Botsford General Hospital. 11:30 a.m. to 1 p.m. Botsford General Hospital, 28050 Grand River Avenue, Farmington Hills.

"Travel/Study Program to China." Through July 5. Tour includes Hong Kong, Beijing, Xi'an, Shanghai, Hangzhou, Guilin, and a Japanese option July 5-11. Sponsored by Michigan Center for Continuing Education in Osteopathic Medicine. Contact Duane M. Tester, 313/335-7742.

WEDNESDAY, JUNE 20, 1984

FRIDAY, JUNE 29, 1984

THURSDAY, JULY 5, 1984

SATURDAY, JULY 14, 1984

"Common Medical Problems -- Part II." 8 a.m. to 3:15 p.m. at Detroit Osteopathic Hospital, 12523 Third Avenue, Highland Park. Approved for six hours Category IA CME credits. For information, call 313/252-4823.

WEDNESDAY, JULY 18, 1984

TUESDAY, JULY 31, 1984

"The Use of Anti-psychotic Agents for the Primary Care Physician" by Gerald G. Osborn, D.O., associate professor of psychiatry, MSU-COM. 12 p.m. in auditorium of Oakland General Hospital, 27351 Dequindre, Madison Heights. CME credit available. For information, call 313/967-7795.

MONDAY, AUGUST 13, 1984

* "Tutorial on Direct Action Thrust Manipulative Therapy" sponsored by the MSU College of Osteopathic Medicine and College of Human Medicine. Through August 17 at MSU’s Kellogg Center. 40 hours Category I credit for M.D.s and D.O.s. Contact Sandy Kilbourn, 517/353-9714.
WEDNESDAY, AUGUST 15, 1984

SATURDAY, SEPTEMBER 8, 1984

WEDNESDAY, SEPTEMBER 12, 1984

"Kidney Cancers." 6 p.m. at Michigan Center for Continuing Education in Osteopathic Medicine, 900 Auburn Rd., Pontiac. 2.5 CME credits. Contact Duane M. Tester, 313/335-7742.

FRIDAY, SEPTEMBER 14, 1984

MONDAY, SEPTEMBER 17, 1984

FRIDAY, SEPTEMBER 21, 1984

He came to the United States from his native Poland as a child, and in 1938 graduated from the Kirksville College of Osteopathic Medicine. That same year he opened a private practice in Detroit.

He purchased a 25-bed boarding house and converted it to a clinic-hospital, which ultimately grew to the 155-bed Zieger Osteopathic Hospital. Nearly 20 years later, he opened Botsford, a 202-bed institution which has since grown to 300 beds.

According to his friend Ellis Siefer, D.O., Dr. Zieger was "the friend of the entire osteopathic medicine community, as he worked during his 46-year career constantly to upgrade the profession. He was, without a doubt, a patriarch, and as such, can never be replaced. He will be missed."

* * * *

Charles H. Yonka, vice president, medical administration, at Michigan Osteopathic Medical Center, died on April 22 of injuries sustained in an automobile accident. He was 47.

President of the Michigan Association of Osteopathic Directors of Medical Education, he had been a strong liaison for clinical education of MSU-COM students.

He had served MOMC since 1966 in a number of management positions with responsibilities for finance, medical records and medical education.

He first joined the Art Centre Hospital, Detroit, in 1966 as controller, and was appointed administrative assistant in 1969, and director of educational programs in 1976.

He was recently elected president of the Michigan chapter of the American Academy of Medical Administrators, and was a member of the American Osteopathic Association, the American Osteopathic Hospital Association, the Academy of Osteopathic Directors of Medical Education, and the Hospital Financial Managers Association.

* * * *

HARVARD GERIATRIC SPECIALIST TO VISIT MSU ON JUNE 6

One of the nation's top consultants in geriatric medicine, Dr. Richard Besdine of the Harvard Medical School will visit Michigan State University on June 6 to meet with physicians and other faculty in MSU's medical schools.

A consultant to the National Institute on Aging and co-author of the text Health and Disease in Old Age, Dr. Besdine is director of geriatric fellowship training in Harvard's Division on Aging, and director of geriatric medical education at Hebrew Rehabilitation Center for the Aged. He also is director of Interdisciplinary Geriatric Consultation Services at Beth Israel and Brigham and Women's Hospital.

At MSU, Dr. Besdine will meet with medical school faculty at 9 a.m. in the Clinical Center auditorium to discuss "Successful Long-Term Management of the Elderly." At a noon meeting in Stanley Wing Auditorium of Ingham Medical Center, he will speak to physicians on "The Clinical Impact of Human Aging."
Continuing Medical Education

BASIC PRINCIPLES OF MANUAL MEDICINE
JUNE 11 - 15 AT KELLOGG CENTER

Lectures, demonstrations and practice sessions on the spine, pelvis and extremities using basic principles of manual medicine will be featured in this tutorial.

The program is sponsored by MSU-COM in conjunction with the MSU College of Human Medicine and the North American Academy of Manipulative Medicine.

Forty hours of Category I credit for both M.D.s and D.O.s are offered.

Faculty include:
- Myron C. Beal, D.O., F.A.A.O., professor, Department of Family Medicine, MSU-COM.
- Paul Kimberly, D.O., F.A.A.O., adjunct clinical professor of biomechanics at MSU-COM and former Stuenenberg Professor and chairman of the Department of Osteopathic Theory and Methods, Kirksville College of Osteopathic Medicine.
- John Mennell, M.D., adjunct clinical professor, Department of Osteopathic Medicine at MSU-COM, past president of the North American Academy of Manipulative Medicine, and noted author of multiple texts on manipulative medicine.
- Carl W. Steele, M.S., P.T., director of physical therapy and occupational therapy, Metropolitan Hospital, Detroit.

* * * *

MEDICAL EMERGENCIES MANAGEMENT
JUNE 15 - 16, MACKINAC ISLAND

The management of medical emergencies will be featured in a two-day program June 15-16 at the Grand Hotel on Mackinac Island.

Topics will include MI complications, eye emergencies, urgent care legalities, hypertensive crises, food poisoning, upper GI bleeding, anaphylaxis, courtroom testimony preparations and cardiac arrhythmia management.

Cosponsors are MSU-COM and Riker Laboratories. Ten hours of Category I credit are offered.

Faculty include:
- Robert D. Aranosian, D.O., director of emergency medicine and general practice, Community Memorial Hospital, Cheboygan; board-certified in general practice
- Michael J. Bacon, D.O. (moderator), director of family medicine and general practice, Community Memorial Hospital, Cheboygan; board-certified in general practice
- Robert Bitterman, M.D., clinical instructor, emergency services, University of Michigan; emergency physician, St. Joseph Mercy Hospital, Ann Arbor
- Michael Q. Doyle, D.O., director of emergency services, director of residency training program, Pontiac Osteopathic Hospital
- Oliver W. Hayes III, D.O., chief medical resident, Michigan State University Affiliated Hospitals, emergency medicine residency
- David T. Malleke, D.O., chairman, Department of Emergency Medicine, Pontiac Osteopathic Hospital; board-certified in internal medicine and emergency medicine.
DIRECT ACTION THRUST MANIPULATIVE THERAPY:
TUTORIAL AUGUST 13 - 17 AT KELLOGG CENTER

An intensive course on the fundamentals and use of direct action, high-velocity manipulative therapy is offered August 13-17 at MSU's Kellogg Center.

Prerequisite for the course is the D.O. degree or the M.D. with training in manual medicine. Forty hours of Category I credit are offered for both D.O.s and M.D.s.

Faculty include:
Paul Kimberly, D.O., F.A.A.O., adjunct clinical professor of biomechanics at MSU-COM; former Stuenenberg Professor and chairman of the Department of Osteopathic Theory and Methods, Kirksville College of Osteopathic Medicine
Fred Mitchell, D.O., F.A.A.O., professor of family medicine, MSU-COM

***

FUNDAMENTALS OF MUSCLE ENERGY
SEPTEMBER 8 - 12 AT KELLOGG CENTER

The fundamentals of muscle energy techniques will be featured in a five-day tutorial September 8-12 at MSU's Kellogg Center. Prerequisite for the course is the D.O. degree or prior attendance at a "Basic Principles of Manual Medicine" course. Enrollment is limited to 20 participants. The course is approved for 40 hours Category I credit for both D.O.s and M.D.s.

Faculty include:
Philip E. Greenman, D.O., F.A.A.O., associate dean and professor of biomechanics, MSU-COM.
Paul Kimberly, D.O., F.A.A.O., adjunct clinical professor of biomechanics at MSU-COM; former Stuenenberg Professor and chairman of the Department of Osteopathic Theory and Methods, Kirksville College of Osteopathic Medicine
Fred Mitchell, D.O., F.A.A.O., professor of family medicine, MSU-COM
Carl W. Steele, M.S., P.T., director of physical therapy and occupational therapy, Metropolitan Hospital, Detroit.

PLEASE MARK YOUR CALENDARS!

September 14-15: Alumni Scientific Seminar and Football Weekend
September 21-23: Tutorial on Myofascial Release Technique
October 6-10: Advanced Muscle Energy Tutorial (Above Diaphragm)
November 18: Seventh Annual Pediatrics Seminar
December 3-7: Basic Principles of Manual Medicine

For further information on any of these courses, contact Sandy Kilbourn, M.A., coordinator for continuing medical education, MSU College of Osteopathic Medicine, A306 E. Fee Hall, East Lansing, Michigan, 48824; 517/353-9714.
FACULTY

Adalbert Koestner, D.V.M., Ph.D., professor and chairman of pathology, April 10-11 served on the executive committee of the Science Advisory Board of the National Center for Toxicologic Research to recommend directions for research activities of the Center for 1984-85.

He also attended the final meeting of the executive committee dealing with the effect of formaldehyde on human health April 12-13. This committee, appointed by the White House Office of Science and Technology Policy in 1982, prepared the final report following a consensus workshop by leading scientists in the field. The report will be presented to the White House within a few weeks.

Dr. Koestner was also invited to the University of Cincinnati Medical Center April 26-27 to present a seminar on "Mechanisms of Demyelination" to faculty and graduate students in the Department of Pathology, and to address the Cincinnati Society of Pathologists on "Host Factors in Carcinogenesis and Cancer Regression."

Ronald C. Simons, M.D., M.A., professor of psychiatry, presented his film "Latah" and his research at the Psychiatry Grand Rounds of the University of Maryland School of Medicine and the Institute of Psychiatry and Human Behavior in Baltimore on April 3. On April 11 he discussed his work in mental retardation with the psychiatry residents of the University of Missouri in Columbia and gave an invited lecture on culture-bound syndromes at the University of Missouri.

Teresa Bernardz, M.D., professor of psychiatry, presented a paper on "Gender-Based Countertransference in the Psychotherapy of Women" at the American Orthopsychiatric Association's annual meeting in the institute "Women Treating Women." It was held in Toronto on April 7.

Five faculty from the Department of Osteopathic Medicine were among those participating at the American College of Osteopathic Obstetrics and Gynecology, held March 3-8 in Orlando, Florida.

Named fellows were Milton K. Miller, D.O., clinical professor, and Ralph Martin, D.O., clinical assistant professor, Lester Burkow, D.O., clinical assistant professor, joined as a regular member. Walter C. Mill, D.O., chairperson, and Joseph Walczak, D.O., associate professor, attended the sessions.

Grant R. Born, D.O., associate clinical professor of family medicine, has a son, Brandon, who has signed a National Letter of Intent to play football for MSU beginning this fall. Brandon is a Class A, All-State lineman and one of the top 15 "Blue Chip" recruits in the state.

ALUMNI

'73 John C. Bauman, D.O., has been elected chairman of the Department of Surgery at Riverside Osteopathic Hospital, Trenton.

'74 Philip V. Marinelli, D.O., has been promoted to lieutenant colonel in the U.S. Medical Corps and has been subspecialty certified in neonatal-perinatal medicine. He also presented "Persistent Pulmonary Hypertension" and "Antenatal Steroids" at the annual meeting of the American College of Osteopathic Pediatricians, held in Orlando, Florida.

'78 Kenyon S. Kendall, D.O., is completing his first year of residency in ophthalmology at Oklahoma Osteopathic Hospital, and is planning to take the Lancaster course in ophthalmology in Waterville, Maine, June 16-August 28. He notes "I have all my weekends to get reacquainted with any old classmates that might be in the area."

'79 Denise L. Tarver, D.O., and husband Wallace, announce twin baby boys, Dhyan and Dhani, born March 7, 1984. Dr. Tarver is currently in family practice, fulfilling the last year of a four-year public health service commitment in San Antonio, Texas. Her husband is completing law school this May.
'80 Nanine S. Henderson, D.O., a resident in pediatrics at MSU-COM, will join Irene Key, D.O. in practice in Louisville, Kentucky. She will marry William F. Martin on June 1, 1984, at Midway, Kentucky.

'82 Ruben Tenorio, D.O., and wife Gail are the parents of their first child, son Bradley Ruben, born February 16, 1984, at 6 lbs, 2 oz., and 21 inches long. Dr. Tenorio is currently a resident in internal medicine at Detroit Osteopathic and Bi-County Community Hospitals.

'83 Arnold S. Loo, D.O., is completing an internship with Jacksonville Health Education Program, Inc., a division of the University of Florida J. Hillis Miller Health Center. Recently he passed the California licensure exam, and will begin residency training in internal medicine at the University of California-San Francisco/Highland General Hospital. There he will participate in the clinical instruction of medical students from the School of Medicine and U.C. Berkeley's Experimental Program in Medical Education. He noted "I am looking forward to returning to my home state of California and the San Francisco Bay Area."

Raul Rodas, D.O., will begin his neurosurgery residency training this July at Tulsa, Oklahoma. (He writes "special thanks to Dr. Jenkins!")

JOHN M. HUNTER HONORED BY AMERICAN GEOGRAPHERS

John M. Hunter, professor of geography and community medicine, has been honored for his outstanding contributions to the field of geography.

The Association of American Geographers cited Hunter "in recognition of his influence on medical geography through his scholarship, teaching and service." He was honored at the association's 80th annual meeting April 24, in Washington, D.C.

A recognized international authority in the field of public health, Hunter is frequently called upon for consultation by the World Health Organization, as well as other national and international health organizations and commissions.

Hunter is recognized internationally for his contributions to the development of medical geography in the United States. His research has included work on tropical and parasitic diseases, influenza, nutrition, and environmental toxicology. His work has aided understanding of the complex relationships between culture, environment and human health.

STUDENTS

Cathy Zimmerman, class of '85, and husband Tom have a new son--their first. Matthew Thomas was born March 6, 1984, at 8 lbs., 3 oz., 20 inches long.

Five students in OST 614 ("Osteopathic Examination I") were honored by the faculty for their "excellence in synthesis and application of osteopathic principles in clinical practice." The students received cash awards in a presentation May 7. Honored were Wolfgang Gilliar, overall winner, $50; and Bernadette Gendernalik, Patty Showerman, Jeff Proudfoot, and Nancy Houghton, $25 each.

ALUMNI! The next issue of "COMMUNIQUE" is yours!

Please return forms ASAP so we can ensure your inclusion with other members of your class. (If you've misplaced your form, just use page 12 or any other suitable writing surface. No fish, limburger, or Rx pads, please.)
THE "COMMUNIQUE" CONNECTION

Please use this form for submission of material. The editors and editorial advisory committee retain the right to edit or exclude any material. Please print or type, and do not include any information that is more than one month old.
