WHY JOIN P.I.G.S?

PIGS is an organization for any student interested in Pediatrics, Children's issues, or is just a kid at heart! We consist of students and faculty from the Pediatrics department here at MSUCOM. Our goals are to promote medical student interest in the specialty of pediatrics and to give students an opportunity to interact with local pediatricians. Along with monthly luncheons with guest lecturers, some of the activities planned for this year include: The Teddy Bear Picnic, volunteering, and the Pediatric Physical Exam Elective. This year's e-board is really excited for the year ahead and we would love to hear about any volunteer activities, or pediatric related ideas you have! Feel free to e-mail anyone on our e-board to find out more information about the club or discuss any ideas you have!

PERKS?

- Fabulous Food
- Free T-shirt with membership
- Membership in the American College of Osteopathic Pediatricians
- Spending time with Children, which always brightens your day!
- Opportunity to shadow local Pediatricians
- Meet medical students with interest in pediatrics and similar professional goals

COST?

\$40 which includes both years at MSUCOM and ACOP for all four years

HOW OFTEN DO WE MEET?

We have monthly meetings and volunteer/shadowing opportunities throughout the year.
