“Promoting Equal Medical Opportunities in the Greater Lansing Area”

The **Student National Medical Association (SNMA)** is the nation's oldest and largest student organization focused on the needs and concerns of medical students of color. Membership includes more than 8,000 medical students, pre-medical students, residents and physicians. Established in 1964 by medical students from Howard University and Meharry medical schools, the SNMA boasts over 40 years of service to underserved communities and medical students.

Regional/National Meetings

Eastern HS S.T.A.R.T. program

“Striving Towards A Reachable Target” is a mentorship program that is aimed at Lansing high school students. These students will work closely with mentors from MSUCOM to develop a mentorship relationship with the ultimate goal of graduating from high school and going on to attend college. The program is also aimed at other high school students to help improve note-taking, listening skills, and content retention through a study hall format. Please contact anyone on the E-Board for further information.
