Goals of APSA

Mission:
The APSA strives to be student physician-scientists' voice for improving educational opportunities, advancing patient-oriented research, and advocating for the future of translational medicine.

Objectives:
• To provide opportunities for research, mentorship, community building, and mutual support of osteopathic medical students interested in research.
• To aid in career development information for osteopathic student’s who wish to pursue research-related careers.

Who should join?
Any osteopathic medical students interested in participating in research and enhancing research endeavors in the DO world.

APSA Sponsored Events
Get the chance to meet world famous medical researchers (like Francis Collins, below) at the annual national APSA meeting in Chicago.
