Who We Are
The Student Government Association represents all MSUCOM student organizations and students from all four classes on a national scale. We link the administration and the student body with the goal of promoting the college and the osteopathic profession.

Our Goals
- To unite the MSUCOM student body for common educational, professional, and social goals.
- To promote the art and science of osteopathic medicine.
- To uphold the high standards of academic honesty and integrity within the osteopathic profession.
- To facilitate cooperation and communication between MSUCOM organizations.
