American Physician Scientist Association

Who We Are:
The APSA strives to be student physician-scientists' voice for improving educational opportunities, advancing patient-oriented research, and advocating for the future of translational medicine.

Goals of APSA:
• To provide opportunities for research, mentorship, community building, and mutual support of osteopathic medical students interested in research.
• To aid in career development information for osteopathic students who wish to pursue research-related careers.

Who Should Join?
All medical students interested in participating in research.

APSA Sponsored Events

Attend talks by speakers and researchers such as our own Dr. Amalfitano DO-PhD

Meet world famous medical researchers like Francis Collins, at the annual national APSA meeting in Chicago
