What is Sigma Sigma Phi?
SSP is the only nationally recognized honorary society and service fraternity for osteopathic medical students.

How can I get involved?
Acceptance to SSP is based upon academic achievement and community service involvement.

Our goals are to further the science of osteopathic medicine and its standards of practice; to improve the scholastic standing and to promote a higher degree of fellowship among its students, to bring about a closer relation and understanding between the student body and the officials and members of the faculties of our college.
